

Common Prerequisite Equivalents

This list is meant to be a *guide*, but is by no means complete/all-inclusive. This list is also not absolute, as course numbers and titles change over time. The “X” denotes that any number can slot in for course level there. Questions regarding specific courses should be directed to the Nursing Admissions Coordinator listed on the program’s webpage. Be sure to include the full course number, course title, institution, and link to electronic catalog description when requesting courses to be considered. Most substitutes are considered after one applies and has been audited by the program.

Sociology

UNF Course: SYG2000

Equivalents/substitutes: SYG1000, SYGX010, SYGX013, General Anthropology, Cultural Anthropology, Social Psychology by *review* from schools other than UNF and UF (they were already reviewed)

Psychology

UNF Course: PSY2012

Equivalents/substitutes: PSY1012, SOPX004

Lifespan Developmental Psychology

UNF Course: DEP3054

Equivalents/substitutes: DEPX004, DEPX00, DEPX414, DEP3053, EDF3110 (UF), FAD2230 (FSU), FAD3220 (FSU)

Common alternative names: Human Growth & Development; Development Psychology; Development across the Lifespan

Statistics

UNF Course: STA2014

Equivalent/substitutes: STA2122, STA2023, STAX014, STAX022

Human Nutrition

UNF Course: HUN2201

Equivalents/substitutes: HUN1201, HUNX192

Microbiology with lab

UNF Course: MCB2010C

Equivalents/substitutes: MCBX010C, MCBX010/X010L, MCBX000/X000L, MCBX013C, MCBX013/X013L, MCBX004/MCBX004L

Anatomy & Physiology I with lab

UNF Course: BSC2085C

Equivalents/substitutes: BSCX085/X085L, BSCX085C, BSCX093C, BSCX093/X093L, Anatomy with lab from institutions that do not combine A&P content (many Florida universities do not, as well as many out-of-state universities)

Anatomy & Physiology II with lab

UNF Course: BSC2086C

Equivalents/substitutes: BSCX086/X086L, BSCX086C, BSCX094C, BSCX094/X094L, Physiology with lab from institutions that do not combine A&P content (many Florida universities do not, as well as many out-of-state universities)

General College Chemistry with lab

UNF Course: CHM2045/2045L

Equivalents/substitutes: CHMX045C, CHMX045/X045L, CHMX030/X030L, CHMX032C, CHMX032/X032L, most Organic Chemistry courses with labs; we do not accept basic or introductory courses (i.e. CHM1020, CHM1025C, CHM1025/1025L)
