Financial aid information is available from the UNF Student One Stop Center, located in UNF Hall (Bldg 53) on the first floor. They can be reached at 904.620.5555. Student seeking aid should complete the federal aid form (FAFSA) after January 1 each year. Scholarships are available through the School of Nursing and the Brooks College of Health on a limited, competitive basis. Students must be enrolled in the program for at least one semester in order to be eligible to apply for these particular opportunities. Working while enrolled in the program is not prohibited, though it should be noted that it is strongly *discouraged*. Applicants are encouraged to develop a personal financial plan prior to entering the program. ***These costs are simply estimates and are subject to change without notice.***
