

COURSE SEQUENCE GUIDE: Effective Fall 2009
B.S.H., Community Health Concentration, Health Education Minor
Brooks College of Health - Department of Public Health

This course sequence guide is not to be used in lieu of your Degree Evaluation (DE), but to assist you in planning each semester's schedule while following the appropriate course sequence. **This sequence guide assumes you have satisfied all program prerequisites, foreign language, and general education requirements.**

You are recommended to take all courses in one group before you can move onto the next group. You may take all courses in each group together, or spread them out over several semesters, depending on whether you are a full-time or part-time student.

GROUP ONE

HSC 2100 Personal Health Issues & Problems (offered Fall, Spring & Summer)
HSC 3032 Foundations of Health Education (offered Fall & Spring)
HSC 3500 Epidemiology (offered Fall, Spring & Summer)
