

Supporting Student Success with SkillSoft

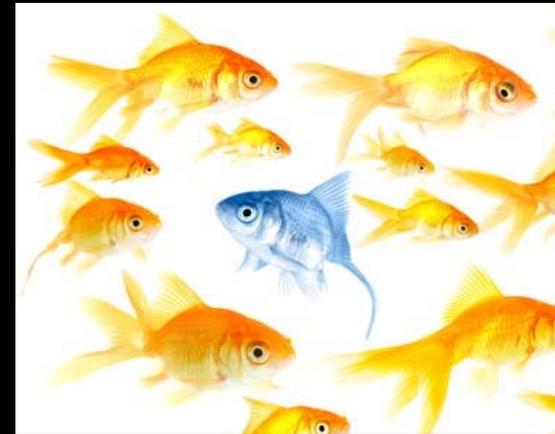

Center for Professional Development and Training
Center for Instruction and Research Technology
Office of Faculty Enhancement

Agenda

- Why use Skillsoft?
- Overview of SkillSoft
- Example of SkillSoft Used in Curriculum
- Blackboard Integration/Support

Why Use SkillSoft?

- Not all students have the same preparation
- Some students lack basic skills in technology use
- Time spent on teaching a few students basic skills
 - Frustrates other students
 - Takes valuable time away from more substantive issues
- Need to focus on most important aspects of a course

What is SkillSoft?

- Host of Resources and Technology Teaching Tools
 - Online Books and Resources
 - Helpful Guides
 - Online Learning Modules for Technology
 - Microsoft Word
 - Microsoft Excel
 - Microsoft PowerPoint
- Student/User Identification and Tracking
