UNIVERSITY OF  
NORTH FLORIDA

TO: All UNF Family  
FROM: Gerson Yessin

A new theatre has come to the University of North Florida. Our Venture Theatre group, directed and produced by Jane Decker, will present Friedrich Durrenmatt's The Visit on May 17, 18, 24, and 25 at 8:00 p.m.

Venture Theatre has been created to offer Jacksonville and our university community an opportunity to create and learn through an educational dramatic experience. We hope to build what some day will be exciting, challenging theatre.

The Visit is a play about the visit of a lady to a town where she once lived and the tragic/comic effects of her presence and the impact of the decisions she causes the town to make. The total effects of the production, movement through time and space by the actors, lights, and music, should make this one of the most worthwhile dramatic happenings to come to Jacksonville.

Since our theatre has not been completed, the play will take place under a large tent on the campus in parking lot 3.

Tickets may be obtained by calling 646-2635 from 1:00 to 6:00 p.m. or by stopping by the box office, room 1327 building 009. Price is \$2.50.

We hope that you will attend and find this as enjoyable to you in the seeing, feeling, and being as it is to us in the making. The production is funded by the University of North Florida and Student Activities.
