S. D. McGill,
Sandford, Fla.

Dear McGill:

Your favor of the 15th inst. received, contents very carefully noted for which accept my thanks.

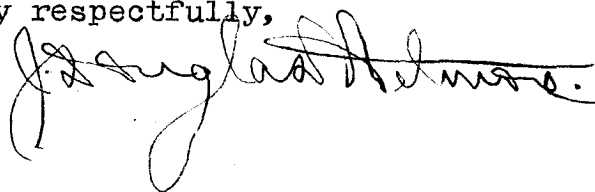

I would advise that you get the books I gave you a list of and at once knuckle down to hard study. The Lawyers Cooperative Company is perfectly reliable and about reasonable as any law firm in the Country.

~~I lost all of my books and office fixtures, but I was insured and have been paid. I have already ordered new books and received some of them. I am very busy adjusting insurance matters for my clients. Wesley is still with me. Many thanks for your expressions of sympathy.~~

I trust you will not waste your time fooling with the girls this summer, but will try hard to become intimately acquainted with Mr. Balckstone.

With best wishes for your success I am

Yours very respectfully,
