Parent Orientation to Swim Lessons

New & Improved Swim Program

We, the UNF Aquatic Center, are excited to be teaching the American Red Cross recently updated curriculum for preschool aquatic and youth learn-to-swim programs.

Descriptions of the new levels can be found in the Parent Handbook which is made available on the first night of lessons or upon request at our front desk.

The student evaluation process

The first day of class is the evaluation day. On this day your child will be placed in a group with other children with similar skills. Please **do not** miss the first day of class.

Use of flotation devices (for preschool programs)

For first time children, we will provide a bubble-flotation belt. This is a flotation device that is used for non-swimmers.

However, if your child does not need a flotation device, please let us know before the student enters the water.

Instructor Communication

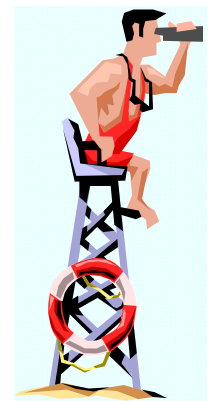

It is important for the development of the class. This is why we encourage parents to talk to the instructors after classes. You can ask questions, and become a partner in the progress of your child.

Parking Permits not included in programs:

You have two options for purchasing a parking permit:

- \$ 28.50 parking-permit at the Front Desk and park in lot 18,
- or buy a \$3.00-daily- parking-permit and park closer to the pool.

Parking permits are non-refundable.
Parking Services (904)620-2815.

REFUNDS: A refund can be issued until 72 hours prior to the first class meeting. Refunds will NOT be granted after that time. A \$10 processing fee is deducted to all refunds. After 72 hrs, a credit can be applied to a withdrawal request.

CREDIT: Credits are good for one year. After one year, credits become void. Credits can be applied to any purchase(s) at the Aquatics facility during the one year allowance time.
