**Background Information**

The purpose of this item is to present proposed amendments to the 2007 - 2008 tuition and fee regulation. In accordance with the Board of Governors Regulation Development Procedures, the tuition and fee regulation will be promulgated as an emergency regulation. Emergency promulgation is being undertaken in order to protect public interest and ensure the amended rates and fees are in full force and effect beginning January 2008. Once the full Board of Trustees has voted to adopt the select regulation (tuition and fee regulation) as an emergency regulation, it will become effective immediately and will remain in effect for 90 days. The select regulation will be promulgated simultaneously as a non-emergency regulation and submitted to the Board of Governors for final approval. The Board of Governors will have up to 60 days to approve or disapprove the select regulation.

Approval required, with the express delegation of authority to the President to revise in accordance with any future BOG directives, in consultation with the Chair.
