

**UNF Finance and Audit Committee**

September 20, 2007

**Issue**                      Schedule of Tuition and Fees

---

**Proposed Action**        Discussion

---

**Background Information**

The University will discuss prospects for an increase in in-state undergraduate tuition. The discussion will provide an update on legislative and Board of Governors' actions to date. The decision to pursue an increase would require a final action by the Board of Governors. This item is presented for discussion prior to action by the Board of Governors.

This increase would also necessitate an emergency amendment to the regulation.
