

**UNF Board of Trustees**

April 17, 2008

**Issue**                      Vision, Mission, Values and Goals Statement

---

**Proposed Action**        Approval

---

**Background Information**

The Vice President of Academic Affairs will present the revised vision and mission statements, as well as current drafts of UNF goals and values to the Board for discussion and action. In particular, the administration seeks approval of the vision and mission statements. These statements will appear in the 2008-09 Undergraduate and Graduate Catalogs as well as the Board of Governors Campus Compact.

These statements are the result of the past year's effort by the Provost's Task Force (established in August, 2007 in response to the BOT recommendation) and were presented to all campus constituents for reaction and input.

The vision and mission statements have the full endorsement of the administration.
