

**UNF Board of Trustees
Workshop
February 7, 2008**

Issue Faculty Salaries

Proposed Action Discussion

Background Information

The purpose of this item is to discuss faculty salaries. UNF faculty salaries will be compared to those throughout the State University System with additional comparisons being made to faculty salaries at the national level. Further discussions will address future faculty salary increases and funding for these, as well as those increases that have been given across the State University System.

Supporting Documentation

- Percent of Contractual Faculty Raises by Institution
