Director of Child Development Research Center

Subject: Request increase fees, index 401600

Date: February 4, 2008

CDRC is requesting a fee increase for fiscal year 2008-2009. For the fiscal year 2007-2008, CDRC did not increase fees in any categories. An increase is needed to keep pace with the rising costs of materials, supplies, food, HVAC, and teaching assistants' salaries.

This year the Child Development Research Center (CDRC) is renewing the National Association of the Education of Young Children (NAEYC) accreditation. One requirement is to have full time assistant teachers. This will enable the children to bond with their teaching assistants, which results in a more secure environment and enhances the children's ability to learn. In attempt to accomplish this last year, OPS teaching assistant's salaries was increased to \$10 an hour. This did not slow the high turn over in teaching assistants which is hindering our ability to be a high quality program. I would like to change two of those positions to benefited position at \$8.17 an hour. This is UNF's minimum budgeted position wage.

The CDRC board recommended these minor fee changes for 2008-2009 in order to accomplish these goals.

Enclosed, please see the market analysis, fee summary page, minor fee increase forms and projected budget. Please contact me if you need anything else.
