The purpose of this item is to present the annual report addressing the requirements of the Florida Educational Equity Act (FEEA), Gender Equity in Athletics, and the Equity Accountability Program (EAP) statutes. Each state university is required to maintain an annual equity plan for appropriate representation of women and minorities in senior level administrative positions, within tenure track and non-tenure track faculty and within faculty granted tenure. In addition universities are required to monitor student participation in programs or courses where certain protected classes are underrepresented and to ensure that provisions of non-discrimination laws are adhered to and educational resources are equitably distributed.

This report must be approved by the university President and the university Board of Trustees and submitted to the Board of Governors, through the Office of the Chancellor, by June 30, 2009.
