

**UNF Board of Trustees  
January 20, 2005**

**Issue:** Naming Policy

---

**Proposed action:** Approval

---

**Background information:**

At their May 27, 2004 meeting, the Finance and Audit Committee meeting recommended changes to the University's naming policy to include guidelines for naming buildings after individuals who have made significant contributions to the development of the University. At the October 14, 2004 BOT meeting, trustees asked to review the policy at their next workshop and have it vetted through the University constituent groups again. The attached policy incorporates the recommended changes for approval by the Board of Trustees. The policy has been reviewed by legal counsel, administration, and the University's constituent groups.
