

UNF Board of Trustees

June 26, 2007

Issue Acceptance of Deed to Property Currently Owned by UNF Training and Service Institute (TSI)

Proposed Action Approval

Background Information

The Board of Trustees has statutory authority to acquire real property. The University requests that the Board accept from TSI delivery of a deed to five (5) parcels of land in the First Coast Technology Park that TSI acquired from the Duval County Research and Development Authority in May 2004.

The Finance and Audit Committee has reviewed this request and is making a recommendation for approval by the Board of Trustees.
