Issue Bachelor of Arts, French Studies, Department of World Languages,
College of Arts and Sciences

Proposed Action Approval

Background Information

The approval of undergraduate and master's degree programs is vested within the authority of the University of North Florida's Board of Trustees. In accordance with these procedures, the University is submitting its request to add a new academic program. In particular, this request is to initiate a new undergraduate degree in French Studies. The degree would be offered through the College of Arts and Sciences.

The new major in French Studies will include courses in language proficiency, literature, culture and history. We currently offer a comparable program in Spanish and it appears to be an appropriate time in the evolution of the University to add a major in French Studies. Seven of the other state institutions offer similar majors.

This item was presented to the Educational Policy and received a motion for approval to the full Board.
