Contracts and Grants

Department of Computer and Information Sciences

Butler, Ralph M. “Interpretation of Genomic Sequence Data. Funded by Integrated Genomics, Fall 1999, $60,000.

Eggen, Roger E. “CodeWizard and Jtest.” Funded by Parasoft Corporation, Fall 1999, approximately $1,050,000.

King, Ronnie E. Automation of Blue Cross/Blue Shield Processes, $150,000 over three years, Blue Cross/Blue Shield (King, PI and Lambert Co-PI).

Department of Electrical Engineering

Alexander, John F. “Research the use of Packet Radio as a Method to Transmit Data from the Field.” Florida Department of Health, $1500.

Alexander, John F. “Structured Microcomputer design lab.” Funded by UNF, $9,375.

Alexander, John F. “Programming the GSC-100.” Funded by Magellan, $50,000.

Alexander, John F. “Digital Prescriptions.” Funded by Simkin, $18,000.

Alexander, John F. “Emergency Reporting via Internet.” Funded by the Department of Health, $30,000.
