   - http://www.unf.edu/intlctr/
   - Importance: SAILS is available for all degree seeking undergraduate and graduate students (anyone who pays the SLS fee) and for the first time, students may receive scholarship funds to participate in approved research projects, conferences, and even musical performances even if the program/activity does not bear any credits. SAILS benefits faculty as it facilitates exchanges as well as classes that include international trips, thereby increasing course options. The SAILS Scholarship increases student connections to the institution, retention, and satisfaction, and serves as a draw for prospective students. In the Spring of 2013, the SAILS committee received 140 applications for review (an additional 136 applications for Summer 2013 and roughly 35 for Fall 2013). Overall, SAILS facilitated over 170 students studying internationally during the 2012-2013 fiscal year.
