

The Flats at UNF Pet Information Packet and Authorization Request Fall 2017/Spring 2018/Summer 2018

The Department of Housing and Residence Life considers pet ownership a **serious** responsibility for residents. Pets that are not properly controlled or cared for can create health and safety concerns within their place of residence, but also within the greater community. With prior authorization, documentation and payment of the appropriate fees, The Flats at UNF does allow residents to have a dog or cat reside with them in their assigned room with roommate consent. Residents that choose to seek authorization for a pet will have the burden of responsibility to identify roommates that are willing to reside in a pet friendly apartment.

****Please note: Housing and Residence Life reserves the right to limit the number, type, breed and/or size of ANY dog or cat that is authorized to reside within The Flats at UNF community. In addition to the pet fees associated with having an authorized pet, residents are solely responsible for any damages, flea treatments, deodorizing, and/or shampooing necessary as result of their dog/cat.****

The following are guidelines, expectations and responsibilities associated with an authorized pet. My initials next to each statement indicate that I both understand and agree to each.

- _____ I understand written authorization must be obtained by the Associate Director of Housing Operations or his/her designee before I will be permitted to have authorized pets reside within the apartment or within the community.
- _____ I understand that authorized pets are defined as a dog or a cat. (Not applicable to Service Animals/Emotional Support Animals)
- _____ I understand my requested pet must not exceed 35 lbs. when fully grown. (Any requests for authorization of animals that will exceed this weight will not be considered.)
- _____ I understand aggressive breeds are not permitted. Aggressive breeds are defined as any mixture of the following: Pit Bulls, Rottweiler, Doberman Pinscher, German Shepard and Chow Chow.
- _____ I understand that only ONE pet will be authorized per resident with the proper documentation.
- _____ Pet authorization is for the contract term specific in the authorization and must be renewed for any subsequent terms.
- _____ I understand that once authorization is given, I will be responsible for payment of the following fees:
 - a. One-time, non-refundable Pet Fee of \$400.00
 - b. One-time, non-refundable Pet DNA fee of \$50.00
 - c. \$15.00/month added to room rent as a Pet Rent

NOTE: These fees do NOT negate or lessen resident's responsibility for any damages, flea treatments, carpet care or replacement, etc. that may be necessary as a result of pet. These fees are solely a commitment that resident is making to have an authorized pet.

- _____ I understand that all authorized pets are required to be registered/licensed with the City of Jacksonville. <http://www.coj.net/departments/regulatory-compliance/animal-care-protective-services/license-your-pet.aspx>
- _____ I understand I am required to maintain up to date documentation with The Flats at UNF office, this includes vaccination records and a current pet picture.
- _____ I understand that I will need to identify roommate(s) that are agreeable to an authorized animal living within the apartment or seek approval from current roommate(s) to introduce a pet into the space. Without this approval I further understand I may have to move to a "pet-friendly" space or my pet authorization may be revoked. Housing and Residence Life will not bear the burden or responsibility to find appropriate roommate matches for requested pets.
- _____ I understand Housing and Residence Life reserves the right to revoke authorization of any pet at any time and require immediate removal of any pet (authorized or not).
- _____ I understand Housing and Residence Life reserves the right to charge me for any cost(s) associated with removal of pet(s), cost(s) associated with housing the pet and cost(s) associated with cleaning or repair needed from damage caused by my pet(s).
- _____ I understand I am expected to properly care for and maintain my pet. This includes appropriate medical care (flea treatments, vaccinations, etc.) and as well as the appropriate clean-up and disposal of pet waste from the community grounds.
- _____ I understand I am expected to maintain sanitary conditions within my apartment (both individual bedroom and common space). Issues associated with improper care and attention to the pet could result in additional charges, pet authorization being revoked or removal from housing.
- _____ I understand authorized pets are not permitted in any Common Area (parking areas, landscaped areas, pool decks, and clubhouse or basketball court) nor should they be tied out in any stairwells, breezeways or in a manner in which they are obstructing a walkway.
