Below is the approved text relating to disabilities and study abroad, as well as text relating to military and veteran students. You may use these two paragraphs for your syllabus should you choose to include it.

“If you have a disability as defined by the Americans with Disabilities Act (ADA), and may require an accommodation or auxiliary aid(s) for the study abroad experience, please contact and register with the UNF Disability Resource Center (located in Building 57, Room 1500; phone 620-2769) or visit the DRC’s website at http://www.unf.edu/drc/. Military and veteran students who return from combat exposure may be utilizing the post 9/11 GI bill to continue postsecondary education goals and may need both physical and academic accommodations. These students should contact the Director of Military and Veterans Resource Center (57/2700) by phone (904) 620-5131 or visit the MVRC website at http://www.unf.edu/military-veterans/. Please refer to UNF’s Student Handbook for more details about both the Disability Resource Center and the Military and Veterans Resource Center.

Please note that foreign countries do not have to comply with the public access requirements of the ADA and there may be physical or other barriers to equal access in foreign locales (e.g., medical care, lodgings, restaurants, businesses and other buildings, services or facilities). Students with disabilities are strongly encouraged to research the access and service limitations of the locales to be visited. Further, prior to registering for the study abroad course, the student should meet with the responsible instructor so that the two can ascertain whether the student will be able to participate in all activities of the desired study abroad program or can participate in alternate activities that meet study objectives.”
