Propel your journey as a leader forward

Students are required to attend leadership development activities and engage in leadership applications into their course of study to get a glimpse of what leadership has to offer them in preparation for future leadership opportunities. LDR 3003 is one of four courses required to earn the Community Leadership Minor. Before registration for the summer terms ends on Friday, May 9, 2014, the Taylor Leadership Institute encourages students, regardless of their intention to minor in Community Leadership, to propel their journey as a leader forward and register for leadership opportunities.
