STUDY ABROAD COURSE TO GERMANY

Travel Itinerary:

- March 12 – depart to Frankfurt
- March 13 – Frankfurt to Kaiserslautern, Germany
- March 14-18 – At Fraunhofer IESE
- March 18 – Heidelberg ½ day trip to see castle, Neckar river
- March 19 – depart to Jacksonville

Costs:

The estimated cost for the program is $1,640.

This price includes international airfare, housing, transportation, and health and emergency evacuation insurance*. The price does not include UNF tuition, meals, local attraction fees, or souvenirs. Meals and other personal expenses are estimated around $300 but could be more or less depending on your spending habits.

*We have applied for a grant to offset housing costs. If we receive this grant, your housing costs will be slightly reduced.

Payment Schedule for Program Costs of $1,640:

- December 10, 2010: $1000
- January 25, 2010: $640

Three Easy Steps to Participate:

1. Get permission from the faculty leaders.
2. Complete an application packet with the International Center for this program.
3. Pay your program costs on time.

About Fraunhofer IESE:

- Worldwide reputation for research in software engineering and embedded systems development
- State-of-the-art projects with partners from industries such as automotive, transportation, banking, insurance, health care, medical systems and public agencies
- Directed by Prof. Dieter Rombach and Prof. Peter Liggesmeyer

About Kaiserslautern, Germany:

- Also known as the Barbarossa city, full of historic sites but has modern appeal
- Borders the Palatine Forest, the largest contiguous forest in Germany
- Beautiful setting with sites that range from historic imperial palaces to contemporary Japanese gardens
