Application for the
☐ Jacksonville Medical Club Scholarship:
• meet current UNF admissions requirements and be accepted to the University of North Florida,
• be enrolled full time at UNF (Spring 2013 semester) and have a science and math GPA of 3.7 and an
overall GPA of 3.5.
• express an intent to apply to a medical professional program upon graduation (medicine, dentistry,
optometry, physician assistance, pharmacy, podiatry or veterinary medicine) with preference being
given to those who seek to become physicians, and
• have completed 24 credit hours of the 36 credit hours represented in the following premed courses:
General Chemistry I, General Chemistry II, Calculus I, General Biology I, General Biology II, Physics I,
Physics II, Organic Chemistry I and Organic Chemistry II.

☐ Dr. & Mrs. Paul Mucciolo Endowed Scholarship:
• meet current UNF admissions requirements and be accepted to the University of North Florida,
• be enrolled full time at UNF (Spring 2013 semester) and have a UNF science and math GPA of 3.5 and
an overall GPA of 3.3.
• express an intent to apply to a medical professional program upon graduation (medicine, dentistry,
optometry, physician assistance, pharmacy, podiatry or veterinary medicine) with preference being
given to those who seek to become physicians, and
• have completed 24 credit hours of the 36 credit hours represented in the following premed courses:
General Chemistry I, General Chemistry II, Calculus I, General Biology I, General Biology II, Physics I,
Physics II, Organic Chemistry I and Organic Chemistry II.

☐ Dr. Ray Bowman Pre-Professional Scholarship:
• meet current UNF admissions requirements and be accepted to the University of North Florida,
• be enrolled full time at UNF (Spring 2013 semester) and have a UNF science and math GPA of 3.5 and
an overall GPA of 3.3.
• express an intent to apply to a medical professional program upon graduation (medicine, dentistry,
optometry, physician assistance, pharmacy, podiatry or veterinary medicine) with preference being
given to those who seek to become dentists or pharmacists, and
• have completed 24 credit hours of the 36 credit hours represented in the following premed courses:
General Chemistry I, General Chemistry II, Calculus I, General Biology I, General Biology II, Physics I,
Physics II, Organic Chemistry I and Organic Chemistry II.

First preference for the Jacksonville Medical Club and Mucciolo Scholarships will be given to qualified students who
have completed the Free Application for Federal Student Aid (FAFSA), preferably online, and demonstrate financial
need as defined by the University’s Office of Financial Aid. Second preference will be given to students who meet
academic qualifications but who do not demonstrate need.
**Date of FAFSA submission:** ______________________ [ ] Online [ ] Paper/mail
