Mission Statement
The University of North Florida fosters the intellectual and cultural growth and civic awareness of its students, preparing them to make significant contributions to their communities in the region and beyond. At UNF, students and faculty engage together and individually in the discovery and application of knowledge. UNF faculty and staff maintain an unreserved commitment to student success within a diverse, supportive campus culture.

Vision Statement
The University of North Florida aspires to be a preeminent public institution of higher learning that will serve the North Florida region at a level of national quality. The institution of choice for a diverse and talented student body, UNF will provide distinctive programs in the arts and sciences and professional fields. UNF faculty will excel in teaching and scholarship, sharing with students their passion for discovery. Students, faculty, staff, alumni, and visitors will enjoy a campus noteworthy for its communal spirit, cultural richness, and environmental beauty.

UNF, a nationally ranked university located on an environmentally beautiful campus, offers students who are dedicated to enriching the lives of others the opportunity to build their own futures through a well-rounded education. The University of North Florida is an affirmative action/equal opportunity employer encouraging diversity.

About the University of North Florida

The University of North Florida was founded in 1972 on Florida’s historic First Coast. Situated 10 miles from the heart of downtown Jacksonville and 10 miles from the Atlantic Ocean, UNF offers our students, faculty and staff the best of both worlds – opportunities for hands-on learning in the 14th largest city in America and the chance to get away from everything (year-round) for a few hours at some of the most beautiful beaches on the eastern seaboard.

UNF resides on 1,381 scenic acres of Northeast Florida’s natural beauty and only about 300 acres of are developed. The rest are left to be enjoyed naturally with miles of hiking, biking and walking trails that weave through our beautiful campus.

With more than 1,100 faculty and staff, the University of North Florida features small classes and individualized attention for its 16,300 students. The university offers 55 undergraduate programs with 80 areas of concentration, 26 master’s degree programs with 57 areas of concentration. In addition, UNF offers three doctoral programs; two through the Brooks College of Health and one in Education Leadership through the College of Education. UNF offers a technology-enhanced campus with state-of-the-art facilities to support transformational learning opportunities.

Five colleges offer degree programs in the Arts and Sciences, Business, Computing, Engineering and Construction, Education and the Health Professions. In order to strengthen the core competencies of the University and to further the University’s aspiration to become a regional institution of national quality, there are specially designated Flagship Programs: Coastal Biology, International Business, Nursing, Nutrition and Dietetics, Music and Transportation and Logistics. All six programs were selected for their academic excellence and scholarly accomplishments of their faculty.

About Jacksonville, Florida

Jacksonville is perfectly positioned along the Atlantic Ocean in Northeast Florida and is a natural paradise for residents and visitors alike. Jacksonville boasts more than 20 miles of wide and uncrowded beaches, nearly 40 miles of the tranquil Intracoastal Waterway and the longest stretch of the historic and picturesque St. Johns River in the state. Jacksonville is also home to the largest urban park system in the nation, with 10 state and national parks with more than 80,000 acres ready to be explored.

Northeast Florida is one of the fastest growing regions and offers a large variety of places to dine, shop and play. Several shopping centers are within a short distance of the University and offer movie theaters, retail shops, great restaurants and other entertainment opportunities. The area also offers plenty for the sports fan. In addition to exciting NCAA Division 1 Osprey home games, fans can check out the Jacksonville Jaguars, the Jacksonville Suns (minor league baseball), the Jacksonville Sharks (arena football), the annual Players Golf Tournament and several other annual events.

Home to more than 30 medical facilities, including one of only three Mayo Clinics in the country and one of only 10 proton beam therapy institutes in the nation, and a number of medical business headquarters, Jacksonville is truly America’s Health Center.

It is also an artistic city. The Museum of Contemporary Art in downtown Jacksonville is a cultural resource of UNF, offering our students opportunities to take classes and display their worked in this popular museum. UNF art faculty also curate shows and give community lectures. Jacksonville is also home to the Jacksonville Symphony Orchestra, the Cummer Museum of Art, the Museum of Science and History, a Broadways and the oldest continuously operating community theater in the country, there is something for everyone to enjoy culturally.
