Our beautiful campus is a hub for talent development, relevant research and community engagement, where we enrich lives and fuel the economic and overall prosperity of Northeast Florida and beyond.

## VISION STATEMENT

The University of North Florida will be the destination of choice for talent and for public and private investment.

## VALUES

---

Accountability, Integrity, Excellence, Civility, Culture of Care

*\*Mission, Vision and Values approved by the UNF Board of Trustees, June 2023; pending FL Board of Governors approval*

## STATEMENT OF UNITY

---

UNF stands in unity and solidarity with all members of our community, regardless of genetic information, race, color, religion, age, sex, disability, gender identity and expression, sexual orientation, marital status, national origin or veteran status. We are proud of the diversity in our students, faculty and staff.

We strongly condemn acts of hate and bigotry as antithetical to the University's core values of mutual respect and civility. Actions and words that seek to deny human beings full membership in the broader moral community on the basis of arbitrary characteristics are intolerable. We stand opposed to violence in language or in action, and we see these as a threat to the mission of UNF as a public university that is committed to intellectual and cultural growth and civic awareness.

We pledge to stand with and for those who are the most vulnerable members of our community and to take actions that help our students and fellow employees feel safe and know that they are safe. We affirm UNF's unreserved commitment to student success within a diverse, supportive campus culture. We seek to embody the ideals of a free and democratic society, and we fully support and value each member of our community.

## TRADITIONS OF THE COMMENCEMENT CEREMONY

---

Academic regalia date back to European universities of the Middle Ages, when gowns and hoods were required for warmth in unheated buildings. Gowns were fur-lined adaptations of the priestly toga, and hoods were worn to protect the tonsured heads of the priests. The regalia now serve as a visible reminder of the historic antecedents of intellectual pursuits.

In American universities of the late 19th century, these medieval costumes were revived to lend color to academic functions. Efforts were made to establish a code that would set standards for academic dress. Gowns of masters and doctors are generally ankle length and closed in front. The master's gown has pointed sleeves that are slit at the elbows. The doctoral gown has wide lapels of velvet, either black or the color of the scholar's specialization. The sleeves are full and bellshaped, with three velvet chevrons, either black or colored like the lapels. Gowns normally are black, although some universities have designed their own in the colors of the institution.

The hood, which drapes over the back of the gown, carries the greatest symbolism of all components of the academic costume. Its length, width and colors denote the wearer's highest academic achievement and institution. The master's hood is pointed; the doctoral hood is bellshaped. The color of the border of the hood indicates the scholar's major field of study; the lining color or colors identifies the institution that conferred the wearer's degree. Hoods were originally trimmed in fur but now have satin borders for masters' and velvet for doctors' hoods.

The customary head covering is the mortarboard, or Oxford cap, with a tassel on the left side. Persons who possess the doctorate wear a tassel of gold metallic threads. The soft, large beret, modeled after the cap of Cambridge University, also has been adopted by some institutions.

The medieval university was much concerned with rank and privilege, and academic robes made visible the social and academic distinctions of the wearers. These distinctions have largely disappeared, and robes now indicate specialization. The following colors are associated with the degrees frequently represented in academic processions:

Arts, Letters, Humanities .....	White
Business .....	Light brown
Computer Science .....	Gold
Economics .....	Copper
Education .....	Light blue
Engineering .....	Orange
Fine Arts .....	Deep brown
Health .....	Sage
Law .....	Purple
Library Science .....	Lemon yellow
Medicine .....	Kelly green
Music .....	Pink
Nursing .....	Apricot
Philosophy .....	Dark blue
Public Administration .....	Peacock blue
Public Health .....	Salmon
Science .....	Golden yellow
Theology .....	Scarlet

## THE UNIVERSITY OF NORTH FLORIDA

---

The University of North Florida (UNF), one of the 12 public institutions in the State of Florida, is a comprehensive urban university that offers degree programs at the bachelor's, master's and doctoral levels. Established in 1965 as an upper-division and professional graduate institution, the University began offering classes in 1972. Freshmen and sophomores were added to the student body in 1984. UNF's scenic campus is now nestled among 1,381 acres, which includes a nature preserve and wildlife area with lakes and nature trails.

As UNF grows, it is proud of maintaining a reputation for excellence, which attracts a diverse group of highly qualified students. Academic programs are built on a strong foundation in the traditional arts and sciences. The University now has a student body of nearly 17,000 students enrolled in 68 undergraduate degrees with 81 areas of concentration, 45 master's degrees with 98 concentrations, and 6 doctoral degrees with 3 concentrations. It has nearly 600 faculty members and more than 1,100 full-time and part-time staff. UNF has six colleges: Brooks College of Health, Coggin College of Business, College of Arts and Sciences, College of Computing, Engineering and Construction, College of Education and Human Services, and Hicks Honors College. The University grants more than 4,300<sup>1</sup> bachelor's, master's and doctoral degrees each year.

UNF is dedicated to excellence in teaching, research and public service. The University's faculty is committed to providing high-quality instruction. The faculty's publications and other creative activities demonstrate a determination to

remain at the cutting edge of intellectual inquiry and practice their respective disciplines. The University — through centers and institutes as well as traditional educational offerings and activities — is a major contributor to the community life of Northeast Florida and, indeed, to the larger community.

The generosity of both corporate leaders and dedicated citizens through the UNF Foundation supports scholarships, fellowships and engaging activities on campus and in the community.

The University of North Florida is accredited by the Southern Association of Colleges and Schools Commission on Colleges to award baccalaureate, master's, and doctoral degrees. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097 or call (404) 679-4500 for questions about the accreditation of the University of North Florida. Individual contact with the Commission on Colleges about the University of North Florida accreditation status should occur only if there is evidence that appears to support significant noncompliance with a requirement or standard.

Some professional associations offer further accreditation of specific programs. UNF's programs in athletic training, building construction management, business administration, civil engineering, computer science, electrical engineering, health administration, information science, information systems, information technology, mechanical engineering, music, anesthesiology nursing, nursing, nutrition, physical therapy, public administration, rehabilitation counseling, and teacher education have been accorded national disciplinary accreditation.

1- Degrees are for the 2022-2023 Academic Year

## FALL 2023 SENIOR SERVICE AWARD

---

### Shanna Ferguson

Each semester, the Alumni Association recognizes a student who has made an exemplary impact on their community through volunteerism.

Shanna Ferguson is one of those extraordinary students. The Jacksonville native who is graduating with a Bachelor of Science in Health has worked tirelessly to improve the lives of others and make a positive impact on her community.

During her educational journey at the University of North Florida, Shanna served as an executive board member of the Transfer Student Union, was a member of Greek life and held various leadership positions in other organizations throughout campus.

Shanna says her passion lies in healthcare and helping others, and she has set high goals for her future. In spring 2024, she will begin the accelerated prelicensure nursing program at UNF and intends to continue working at UF Health as a registered nurse. Upon completion of the nursing program, Shanna wants to transition into UNF's nurse practitioner program and work in an emergency room setting.

Her ultimate goal is to establish an independent practice that extends healthcare resources to underserved communities with limited access to quality healthcare.

### VERSE:

We recall those days of gladness,  
Nestled midst the lakes and pine,  
Where we sought the gift of knowledge,  
Alma Mater, pride of mine.

### REFRAIN:

Sing her glory and her praises,  
Let them ring from sea to sea!  
North Florida we proudly honor,  
U-N-F, all hail to thee.

### VERSE:

Near the shores of the Atlantic,  
Where the Osprey soars on high,  
Stands our Alma Mater strong and true,  
With her colors gray and blue.

REPEAT REFRAIN
