MISSION STATEMENT

Our student-centered mission is to create the next generation of thinkers, leaders, and problem solvers with the unique knowledge and experience to positively impact the world.

VISION STATEMENT

The University of North Florida will be the higher education nexus where diverse students, faculty and organizations from around the world collaborate to creatively innovate for the advancement of society.

VALUES

We achieve excellence in all we do; we are an institution of uncompromising character; we lead with humility, humanity and integrity.

WE VALUE:

- Integrity – We do the right thing for the right reason at the right time.
- Respect – We treat everyone with kindness, we are informed by the perspectives of others and we draw strength from our differences.
- Accountability – We are responsible for how the outcomes of our actions affect others and our environment.
- Innovation – We harness creativity and talent to turn challenges into opportunities and problems into solutions in a uniquely UNF way.

STATEMENT OF UNITY

UNF stands in unity and solidarity with all members of our community, regardless of genetic information, race, color, religion, age, sex, disability, gender identity and expression, sexual orientation, marital status, national origin or veteran status. We are proud of the diversity in our students, faculty and staff.

We strongly condemn acts of hate and bigotry as antithetical to the university's core values of mutual respect and civility. Actions and words that seek to deny human beings full membership in the broader moral community on the basis of arbitrary characteristics are intolerable. We stand opposed to violence in language or in action, and we see these as a threat to the mission of UNF as a public university that is committed to intellectual and cultural growth and civic awareness.

We pledge to stand with and for those who are the most vulnerable members of our community and to take actions that help our students and fellow employees feel safe and know that they are safe. We affirm UNF's unreserved commitment to student success within a diverse, supportive campus culture. We seek to embody the ideals of a free and democratic society, and we fully support and value each member of our community.

GREETINGS FROM THE PRESIDENT

Dear Graduates:

Congratulations! Your hard work has paid off, and I wish you the very best as you celebrate this special day with your fellow graduates, loved ones and the entire Osprey community.

Though it will take you only a few moments to walk across the Commencement stage, we know that you have spent countless hours working to achieve this exciting milestone. Earning a degree is life-changing and an accomplishment that opens the door to the next chapter of your life. You have earned your place in this graduating class, and we can't wait to see what the future holds for you.

As a new graduate, you will be joining a UNF alumni network of more than 100,000! I wish you abundant success and endless happiness and hope you will stay connected with your fellow Ospreys wherever your degree takes you. My heartfelt congratulations to each of you. Swoop!

Sincerely,

Moez Limayem, Ph.D.
President

President Moez Limayem

PRESIDENT'S STAFF

Karen Patterson, *Provost and Vice President of Academic and Student Affairs*

Scott Bennett, *Vice President of Administration and Finance*

Heather Duncan, *Vice President of Government and Community Relations*

Nick Morrow, *Director of Athletics*

Teresa Nichols, *Interim Vice President of University Development and Alumni Engagement*

Isabel Pease, *Interim Vice President of Marketing and Communications*

Karen Stone, *Vice President and General Counsel*

Steve Moore, *Trustee*

Nikul (Nik) Patel, *Trustee*

TRADITIONS OF THE COMMENCEMENT CEREMONY

Academic regalia date back to European universities of the Middle Ages, when gowns and hoods were required for warmth in unheated buildings. Gowns were fur-lined adaptations of the priestly toga, and hoods were worn to protect the tonsured heads of the priests. The regalia now serve as a visible reminder of the historic antecedents of intellectual pursuits.

In American universities of the late 19th century, these medieval costumes were revived to lend color to academic functions. Efforts were made to establish a code that would set standards for academic dress. Gowns of masters and doctors are generally ankle length and closed in front. The master's gown has pointed sleeves that are slit at the elbows. The doctoral gown has wide lapels of velvet, either black or the color of the scholar's specialization. The sleeves are full and bellshaped, with three velvet chevrons, either black or colored like the lapels. Gowns normally are black, although some universities have designed their own in the colors of the institution.

The hood, which drapes over the back of the gown, carries the greatest symbolism of all components of the academic costume. Its length, width and colors denote the wearer's highest academic achievement and institution. The master's hood is pointed; the doctoral hood is bellshaped. The color of the border of the hood indicates the scholar's major field of study; the lining color or colors identifies the institution that conferred the wearer's degree. Hoods were originally trimmed in fur but now have satin borders for masters' and velvet for doctors' hoods.

The customary head covering is the mortarboard, or Oxford cap, with a tassel on the left side. Persons who possess the doctorate wear a tassel of gold metallic threads. The soft, large beret, modeled after the cap of Cambridge University, also has been adopted by some institutions.

The medieval university was much concerned with rank and privilege, and academic robes made visible the social and academic distinctions of the wearers. These distinctions have largely disappeared, and robes now indicate specialization. The following colors are associated with the degrees frequently represented in academic processions:

Arts, Letters, Humanities	White
Business	Light brown
Computer Science	Gold
Economics	Copper
Education	Light blue
Engineering	Orange
Fine Arts	Deep brown
Health	Sage
Law	Purple
Library Science	Lemon yellow
Medicine	Kelly green
Music	Pink
Nursing	Apricot
Philosophy	Dark blue
Public Administration	Peacock blue
Public Health	Salmon
Science	Golden yellow
Theology	Scarlet

The University of North Florida (UNF), one of the 12 public institutions in the State of Florida, is a comprehensive urban university that offers degree programs at the bachelor's, master's and doctoral levels. Established in 1965 as an upper-division and professional graduate institution, the University began offering classes in 1972. Freshmen and sophomores were added to the student body in 1984. UNF's scenic campus is now nestled among 1,381 acres, which includes a nature preserve and wildlife area with lakes and nature trails.

As UNF grows, it is proud of maintaining a reputation for excellence, which attracts a diverse group of highly qualified students. Academic programs are built on a strong foundation in the traditional arts and sciences. The University now has a student body of nearly 17,000 students enrolled in 66 undergraduate degrees with 80 areas of concentration, 45 master's degrees with 92 concentrations, 6 doctoral degrees and one specialist degree. It has nearly 600 faculty members and more than 1,100 full-time and part-time staff. UNF has six colleges: Brooks College of Health, Coggin College of Business, College of Arts and Sciences, College of Computing, Engineering and Construction, College of Education and Human Services, and Hicks Honors College. The University grants more than 4,300¹ bachelor's, master's and doctoral degrees each year.

UNF is dedicated to excellence in teaching, research and public service. The University's faculty is committed to providing high-quality instruction, with particular emphasis on undergraduate education. The faculty's publications

and other creative activities demonstrate a determination to remain at the cutting edge of intellectual inquiry and practice their respective disciplines. The University — through centers and institutes as well as traditional educational offerings and activities — is a major contributor to the community life of Northeast Florida and, indeed, to the larger community.

The generosity of both corporate leaders and dedicated citizens through the UNF Foundation supports scholarships, fellowships and engaging activities on campus and in the community.

The University of North Florida is accredited by the Southern Association of Colleges and Schools Commission on Colleges to award baccalaureate, master's, and doctoral degrees. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097 or call (404) 679-4500 for questions about the accreditation of the University of North Florida. Individual contact with the Commission on Colleges about the University of North Florida accreditation status should occur only if there is evidence that appears to support significant noncompliance with a requirement or standard.

Some professional associations offer further accreditation of specific programs. UNF's programs in athletic training, building construction management, business administration, civil engineering, computer science, electrical engineering, health administration, information science, information systems, information technology, mechanical engineering, music, anesthesiology nursing, nursing, nutrition, physical therapy, public administration, rehabilitation counseling, and teacher education have been accorded national disciplinary accreditation.

2023 SPRING COMMENCEMENT CEREMONY

**Please rise as the Processional begins and remain standing throughout the National Anthem.*

***Please refrain from applause until all degree candidates have been presented.*

****Please stand throughout the Recessional.*

COMMENCEMENT PROTOCOL

This ceremony represents the culmination of many years of work and sacrifice on the part of the graduates and their families. Therefore, please give this occasion the dignity and respect it deserves by remaining in your seats for the entire ceremony, except to use designated photo areas, so that others are not disturbed.

SPRING 2023 SENIOR SERVICE AWARD

Amra Kajdic

The University of North Florida Alumni Association recognizes a graduating senior each semester for their outstanding service to the University and community through volunteerism. This year, the UNF Alumni Association has selected Amra Kajdic as the recipient of the Senior Service Award for the Spring 2023 graduating class.

Kajdic is graduating from UNF's College of Arts and Sciences with a Bachelor of Science in Biology with a focus in Molecular Biology and Biotechnology, and a minor in Leadership. Throughout her time at UNF, she has exemplified the University's spirit of civic commitment and servant leadership through her continued aspirations to give back to those in need.

When Amra began her studies at UNF with the Hicks Honors College as a first-generation college student, she immediately welcomed an opportunity to volunteer as a mentor for the YMCA. In this role, she worked with refugee and immigrant students as a soccer coach. Since Amra's family came to the United States seeking refuge from war, she recalled being able to connect with students on a personal level and was happy to provide a safe place for them to discuss their feelings of being a stranger in a new place. The Honors program director noted that Amra's dedication to these students was illustrative of her passion for serving under-resourced communities, stating that "this experience had nothing to do with science or medicine, which are Amra's academic interests, and yet she gave 100%. She took a leadership role, poured extra time into the experience, and then returned twice more to help with this program."

In 2020, Amra founded the first MEDLIFE UNF chapter. MEDLIFE is a nonprofit organization that partners with low-income communities in Latin America and Africa to improve access to medicine and education through community development projects. Since founding this chapter, Amra has served as president for three years, helping lead a number of local and international projects and raising over \$7,000 to provide food and medical supplies to under-resourced communities in Peru. The UNF chapter has worked locally on development projects with Habitat for Humanity and a variety of low-income medical

clinics and soup kitchens around Jacksonville. Additionally, in 2022, Amra and 15 other MEDLIFE students coordinated a weeklong mobile clinic in Cusco, Peru. During this trip, Amra and her peers helped facilitate care for over 200 patients by distributing medications, prepping patients, giving vaccinations and running educational hygiene workshops. Amra recalled how fulfilling it was to truly make a difference in the lives of the patients she helped during this trip, especially since the community did not have regular access to these services. Amra is currently planning another mobile clinic in Tena, Ecuador, later this month.

Through MEDLIFE, Amra helped collect donations to provide first-aid kits to local homeless communities. Amra began volunteering with the MASS Clinic, a free-healthcare clinic, as an intern in 2020. In this role, she helped facilitate care for low-income populations and was eventually promoted to a position as a volunteer scribe. She said one of the most rewarding things she gained through service with MASS Clinic is "more cultural competence by interacting with people from different backgrounds and cultures." Even after completing her internship, Amra has continued to volunteer at the clinic, and has amassed over 400 hours of volunteer service there.

Amra's passion for science and medicine drew her to her first volunteer research opportunity in a lab at UNF. During her freshman year, she began working with Dr. Waddell, studying the molecular, cellular and genetic mechanisms of skeletal muscle atrophy and sarcopenia. This opportunity allowed her to connect and collaborate with professionals at various universities. In 2022 she was invited to present her work on identifying and characterizing the Calcoco 1 gene at the ASCB Cell Bio Conference in Washington, D.C. At this conference, Amra recalled being extremely proud to represent UNF while engaging with prestigious scientists from all over the world.

Amra is expected to begin a new research project in July with the NIH in DC. In this role, she will join Dr. Paul Liu's lab and aid in researching leukemia's molecular mechanism. She plans to study molecular and cellular technologies to understand how mutations in the RUNX1 gene predispose some to the development of hematological malignancies. She hopes to attend medical school and become a physician, with long-term career aspirations to eventually open her own free clinic to serve the immigrant and refugee population in the local community.

SPRING 2023 CARING AWARD

Alicia Scott

Alicia Scott is a shining example of what it means to embrace the principles of the Caring Award, by embodying the spirit of caring, volunteerism and humanitarianism. Throughout her time at the University of North Florida, Alicia has dedicated herself to making the world a better place to live through her unwavering commitment to serving the community.

Alicia's passion for serving others was evident from the moment she arrived at UNF. During her first semester, she began volunteering with Meals on Wings, an on-campus organization that recovers, packages and delivers food to senior citizens in the community who are food insecure. Alicia quickly became an integral part of the Meals on Wings team, working tirelessly to recover food from local hospitals and reduce local food waste. As a coordinator for Meals on Wings, Alicia has trained countless volunteers on food recovery, packaging and preparation, and has advocated for the organization throughout the community.

For Alicia, Meals on Wings is more than just a volunteer opportunity. It's a chance to build meaningful relationships and connections with seniors in the community. Alicia's warmth and compassion have made her a beloved member of the Meals on

Wings family, and her dedication to the organization has inspired others to get involved and make a difference at UNF.

Alicia's commitment to service extends far beyond her work with Meals on Wings. Prior to attending UNF, she volunteered with Feeding South Florida and Morning Day Community Solutions while earning her A.A and A.S degrees from Broward College. Alicia's experiences with these organizations instilled in her a love and passion for fighting food insecurity, and she has made it her life's work to help those in need.

Alicia has ambitious goals for her career. She aspires to attain a graduate degree in nutrition and dietetics, with a particular interest in working in oncology. Alicia's dream is to become a dietician for cancer patients and study how diet affects cancer treatments. She is determined to use her knowledge and expertise to make a difference in the lives of those battling cancer.

Alicia credits her parents for instilling in her a love of service, and is grateful for the mentorship and support she has received from Meghan Niemczyk, MPH, and Drs. Lauri Wright and Jen Ross. Their guidance has helped Alicia to realize her full potential and make a meaningful impact in the community.

In recognition of her tireless dedication to serving others, Alicia Scott is a deserving recipient of the Albert D. Ernest Jr. Caring Award. Her selflessness, compassion and commitment to making a difference serve as an inspiration to us all.

LATIN HONORS

Summa Cum Laude (with highest honor) 3.8 – 4.0

Amy Granillo	Faith Nevin	Nicole Sussman-Rohr	Jordan Wilkes
Sydney Hauth	Jonathan O'Berry	Spencer Taintor	Katie Wilkinson
Katherine Herndon	Sydney Pell	Benjamin Tuttle	

Because grades are not posted until several days after the ceremony, graduation of the students and designation of honors are not necessarily conclusive. Honor designations are only bestowed upon baccalaureate degree candidates.

Honors (*4.0 Grade Point Average Scale*) Designated by Solid Gold Cord

1 - Summa Cum Laude (*with highest honor 3.8-4.0*)

2 - Magna Cum Laude (*with great honor 3.65-3.79*)

3 - Cum Laude (*with honor 3.5-3.64*)

ACKNOWLEDGEMENTS

CONGRATULATIONS ON YOUR COMMENCEMENT!

After years of hard work, countless late nights and anxious moments, you've earned your degree from the University of North Florida. We know you are proud of your accomplishments, and we're proud to welcome you as a new member of the UNF Alumni Association!

You join a network of Ospreys worldwide who are leaders and agents of change actively engaged within their communities and making a difference in the world.

The UNF Alumni Association has been serving the University's alumni since it first met as an advisory council in 1976. Of course, a lot of things have changed since then and we've worked hard to keep pace with your lifestyle and modern trends. We encourage you to follow us on social media and update your personal information through the Alumni Association website at www.unf.edu/alumni. While you're there, be sure to subscribe to Nest Notes, our free electronic newsletter and an important communication tool for keeping you informed of upcoming events, happenings and opportunities available to you as alumni.

The Alumni Association hosts and promotes dozens of events each year including socials, networking opportunities, professional development seminars, family activities and more. There is something for everyone, so join us!

Congratulations again, and we look forward to seeing you at future UNF alumni events!

Stay connected ... and keep on swooping!

UNF ALMA MATER
Music adapted by Dr. William C. Moffit
Words by Dr. Merrill J. Palmer

VERSE:

We recall those days of gladness,
Nestled midst the lakes and pine,
Where we sought the gift of knowledge,
Alma Mater, pride of mine.

REFRAIN:

Sing her glory and her praises,
Let them ring from sea to sea!
North Florida we proudly honor,
U-N-F, all hail to thee.

VERSE:

Near the shores of the Atlantic,
Where the Osprey soars on high,
Stands our Alma Mater strong and true,
With her colors gray and blue.

REPEAT REFRAIN
