## GET TO KNOW:

### TLS PRESIDENT RANDY ANCAYAN

After serving on the 2008 Fall and Spring Career Day Committees, I became President of the Transportation and Logistics Society last semester. Through my experiences, I obtained greater insight into the club, its opportunities, and its role with the Transportation and Logistics Program. Before my involvement with TLS, I had very limited knowledge about supply chain management. The only thing I did know was that economics and marketing was not for me. I will be graduating this semester and I am looking forward to the challenges that lay ahead.
