**UNF Board of Trustees
Full Board Meeting
October 15, 2024**

**Subject: Ratification of Memorandum of Understanding Implementing Wage
Action for Faculty**

Recommended Action:

Recommend approval of Ratification of Memorandum of Understanding Implementing Wage Action for Faculty

Background Information:

The United Faculty of Florida (UFF) and the UNF Board of Trustees (BOT) bargaining teams have reached tentative agreement on a wage action for the current year, as reflected in the attached Article 30. The parties would like to distribute these funds to faculty even though bargaining continues on other portions of the collective bargaining agreement. The membership of UFF have already ratified the wage action and approved the Memorandum of Understanding that allows for its implementation. Outside counsel and chief negotiator, Michael Mattimore, will address the Board to discuss the Article and Memorandum of Understanding.
