

Bachelor of Science
Major: Nutrition and Dietetics
Concentration: Community Nutrition and Food

Students in the Nutrition and Dietetics major will earn a Bachelor of Science (B.S.) degree. The Community Nutrition and Food Concentration offers a relevant, evidence-based approach to the didactic and experiential components of the program. There are many opportunities for students to strengthen leadership skills, participate in research projects with faculty, attend professional state and national nutrition meetings, be part of a dynamic food recovery program, and more.

This concentration includes curriculum to prepare students for the ServSafe Food Handler certification; the exam is taken during the senior year. Students are also prepared to take the Certified Dietary Manager, Certified Food Protection Professional examination.

Successful program graduates seek employment as Community Nutrition and Health Workers, Nutrition Educators, Food Service Directors and Managers, Sales Associates, Recipe Developers, and Food Writers. Program graduates may also seek advanced academic degrees and certifications.

To successfully complete the B.S. in Nutrition and Dietetics with the Community Nutrition and Food Concentration, students must complete the courses shown below with a grade of C or higher in each course and an over-all GPA of 2.0.

Prerequisites

(36 Semester Hours)

Must be completed with a grade of "C" or higher

MAC 1105	College Algebra	3
STA 2014	Elementary Statistics	3
POS 2041	Introduction to American Government	3
FSS 1202	Food Fundamentals	3
FSS 1202L	Food Fundamentals Laboratory	1
HUN 2201	Basic Principles of Nutrition	3
BSC 1010C	General Biology I with Lab	4
BSC 2085C	Anatomy/Physiology I with Lab	4
BSC 2086C	Anatomy/Physiology II with Lab	4
CHM 2045	General Chemistry I	3
CHM 2045L	General Chemistry Laboratory	1
MCB 2010C	Microbiology with Lab	4

Concentration Requirements

(48 Semester Hours)

SPC 2608	Fundamentals of Speech	3
HUN 3800	Nutrition Science Research and Ethics	3
HUN 3403	Life Span Nutrition	3
DIE 3310	Community Nutrition	3
HSC 3578	Food, Health, and Society	3
FSS 3800	Seminar in Food Systems and Sustainability	3
FOS 4041	Food Science and Composition	3
FOS 4041L	Food Science and Composition Lab	1
HUN 3014	Nutrition and Fitness	3
HUN 4601C	Nutrition Education	3

DIE	4122	Management of Food and Nutrition Services I	3
DIE	4125	Management of Food and Nutrition Services II	3
HUN	4614	Nutrition Communication	3
FSS	4230	Quantity Food Preparation	3
FSS	4230L	Field Experience in Quantity Food Preparation	1
HUN	3534	Food as Medicine	3
HUN	3534L	Food as Medicine Laboratory	1
FSS	4945	Professional Capstone in Community Nutrition and Food Management	3

Elective requirement

(9 Semester Hours)

Select courses at any level (1000-4000) and with any prefix. Hours previously used to meet any degree requirements cannot be applied to this elective requirement. For graduation, students must earn a minimum of 120 total credits, including 48 upper level credits from 3000 or 4000 level courses.
