

Master of Science in Nutrition and Dietetics

Major: Nutrition and Dietetics

Degree: Master of Science

CORE REQUIREMENTS (6 credits)

- HSC6509 Nutritional Epidemiology (3 credits)
- HUN6910 Nutrition and Dietetics Research (3 credits)

MAJOR REQUIREMENTS (14)

- HUN6612 Nutrition Education and Counseling (3 credits)
- HUN5265 Methods of Nutritional Assessment (1 credit)
- DIE6248 Clinical Nutrition (3 credits)
- HUN6xxx Nutrition and Metabolism (4 credits)
- HUN6911 Nutrition and Dietetics Seminar (3 credits)

4 CONCENTRATION OPTIONS:

Professional Studies in Dietetics Concentration

Required Courses (9 credits)

- PHC6050 Public Health Biostatistics I (3 credits)
- DIE6912 Projects in Nutrition/Dietetics (6 credits)

Electives (6 credits)

- DIE6931 Special Topics in Dietetics (3 credits)
- DIE6906 Dietetics Independent Study and Research (3 credits)
- DIE6945 Dietetics Field Experiences (3 credits)
- HUN6123 Socio-cultural Influences on Nutrition (3 credits)
- HUN6916 Advanced Concepts in Nutrition and Dietetics (3 credits)

Nutritional Sciences Concentration

Required Courses (9 credits)

- PHC6050 Public Health Biostatistics I (3 credits)
- DIE6970 Thesis (6 credits)

Electives (6 credits)

- DIE6931 Special Topics in Dietetics (3 credits)
- DIE6906 Dietetics Independent Study and Research (3 credits)
- DIE6945 Dietetics Field Experiences (3 credits)
- HUN6123 Socio-cultural Influences on Nutrition (3 credits)
- HUN6916 Advanced Concepts in Nutrition and Dietetics (3 credits)

Global Health Concentration

Required Course (9 credits)

- PHC6050 Public Health Biostatistics I (3 credits)
- HSC6625 Global Health (3 credits)
- DIE6390 Nutrition and Health in Refugee Populations (3 credits)

Electives (6 credits) – one of the two electives must be a study abroad course to receive Global Health certificate.

- DIE6931 Special Topics in Dietetics (3 credits)
- DIE6906 Dietetics Independent Study and Research (3 credits)
- DIE6945 Dietetics Field Experiences (3 credits)
- HSA6958 Study Abroad: Healthcare (3 credits)
- HSC6906 Independent Study and Research (3 credits)
- NGR6894 Global Health Care & Culture (3 credits)
- NGR5931 Special Topics in Nursing (Study Abroad) (3 credits)
- PHT7937 Special Topics in PT (Study Abroad) (3 credits)
- HUN6123 Socio-cultural Influences on Nutrition (3 credits)
- HUN6916 Advanced Concepts in Nutrition and Dietetics (3 credits)

Healthcare Informatics Concentration

Required Course (12 credits)

- HSA6114 Health Organization and Delivery (3 credits)
- ISM6021 Management of Information Technology (3 credits)
- CAP6768 Data Analytics (3 credits)
- NGR6875 HIT Certificate Capstone (3 credits)

Electives (3 credits)

- DIE6931 Special Topics in Dietetics (3 credits)
- DIE6906 Dietetics Independent Study and Research (3 credits)
- DIE6945 Dietetics Field Experiences (3 credits)
- HUN6123 Socio-cultural Influences on Nutrition (3 credits)
- HUN6916 Advanced Concepts in Nutrition and Dietetics (3 credits)
