

Bachelor of Health Administration

Major: Health Administration

The Department of Public Health offers a program culminating in a Bachelor of Health Administration (BHA) degree with a major in Health Administration. The mission of the undergraduate health administration program is to provide students a sound foundation in the values, knowledge and skills necessary for entry level administrative and management positions in the various organizations that make up the health services industry in northeast Florida.

Students interested in long term care management must complete the Aging Services concentration and an internship that will allow them to qualify to take the Florida Nursing Home Administrator's licensing examination. An opportunity to pursue other special interests is provided with selection of elective course work.

Prerequisites	(15 Semester Hours)
ACG 2021 Principles of Financial Accounting	3
ACG 2071 Principles of Managerial Accounting	3
ECO 2023 Principles of Microeconomics	3
STA 2023 Elementary Statistics (or STA 2014)	3
