## Florida Undergraduate Research Conference Friday and Saturday, February 22-23

Hosted by the University of North Florida  
Jacksonville, Florida

### Potential Recruiters and Advertisers

Dear potential FURC recruiters and advertisers:

The University of North Florida and the Florida Undergraduate Research planning committee are excited to invite you to participate in the 2019 Florida Undergraduate Research Conference by tabling at our graduate school fair or by advertising in our event program. Choosing to participate will provide you access to over 700 of Florida's best and brightest undergraduate students. These are engaged researchers who are keen to pursue graduate or professional school after completing their undergraduate program.

Over the last 8 years, FURC has become a showcase for impressive and innovative research being conducted by undergraduate students from around the state. At the most recent conference, over 650 people were in attendance at Eastern State College of Florida in Melbourne, FL, including students, faculty and staff from major state educational institutions throughout Florida. We look forward to another great year when we meet again on February 22-23 at the University of North Florida, located in Jacksonville, FL. Given the proximity of the host city to several major institutions, we fully anticipate an expanded, well-attended conference this coming year.
