Issue Student Conduct Code – Added Language

Proposed Action Approval

Amendments to the Student Conduct Code Regulation were approved by the Board in January. Upon review of the amended regulation, the Board of Governors made us aware that a mandatory provision was not included in the UNF regulation. The provision is not substantive but is procedural and requires Board approval.

As such, the university is proposing to add the language as required to Section (J) Sanctions. The proposed language is set forth below.

**Note: Students will normally forfeit tuition, Housing rent and fees, and other University fees if found responsible for a Student Conduct Code violation resulting in suspension or expulsion. If a student's privileges are temporarily revoked, but the student is subsequently found not responsible for the violation, the University must; 1) Correct any record of the change in enrollment status in the student's permanent records and reports compliant with state and federal laws; and 2) Refund to the student a pro rata portion of any charges for tuition and out-of-state fees, as appropriate, if the temporary revocation or suspension of the student's ability to attend classes lasts for more than 10 class days. A student may also forfeit academic credit accordingly and must see his/her professor to determine the impact on grades based on the withdrawal. Students who are excluded from living in University Housing must contact the Director of Housing Operations to determine the financial impact of the canceled contract.*

Vice President Gonzalez will address the Board and present this item.

Proposed Action: Approval. *Motion and second required.*
