## I. OBJECTIVE & PURPOSE

It is the objective of the University to acquire quality goods and services within reasonable or required time frames, while promoting fair and open competition in the public procurement process. The process shall reduce the appearance and opportunity for favoritism, ensure that contracts are awarded equitably and economically, and establish effective management oversight in the acquisition of commodities and contractual services, in order to preserve the integrity of public purchasing and contracting. The opportunity to bid on University contracts is a privilege, not a right.

## II. STATEMENT OF REGULATION

(1) **Authority of the Institutions.** The Board of Trustees shall adopt regulations establishing basic criteria related to procurement, including procedures and practices to be used in acquiring commodities and contractual services, as follows:

- (a) Removing any contractor from the University's competitive vendor list that fails to fulfill any of its duties specified in a contract with the University and to reinstate any such contractor when satisfied that further instances of default will not occur.
- (b) Planning and coordinating purchases in volume and negotiating and executing agreements and contracts for commodities and contractual services under which the University may make purchases.
- (c) Evaluating and approving contracts let by any State of Florida agency or department, the Federal Government, other states, political subdivisions, not-for-profit cooperatives or consortiums, or any independent college or university for the procurement of commodities and contractual services, when it is determined

to be cost-effective and in the best interest of the University, to make purchases under contracts let by such other entities.

(d) Awarding contracts for commodities and contractual services to multiple suppliers, if it is determined to be in the best interest of the University. Such awards may be on a university, regional or State University System-wide basis and the contracts may be for multiple years.

(e) Rejecting or canceling any or all competitive solicitations when determined to be in the best interest of the University.

(f) Barring any vendor from doing business with the University for demonstrated cause, including previous unsatisfactory performance.

(2) **Competitive Solicitation Threshold.** The Board of Trustees shall establish a competitive solicitation threshold not greater than \$50,000, for the purchase of commodities or contractual services.

(a) When only one response is received to the competitive solicitation threshold for commodities or contractual services exceeding \$50,000, the University may review the solicitation responses to determine if a second call for a competitive solicitation is in the best interest of the University. If it is determined that a second call would not serve a useful purpose, the University may proceed with the acquisition.

(b) The purchase of commodities and contractual services shall not be divided to avoid the requirement of competitive solicitation.

(3) **Exceptional Purchases.** The University is authorized to make exceptional purchases of commodities or contractual services as follows:

(a) Purchase of Products with Recycled Content. The University may establish a program to encourage the purchase and use of products and materials with recycled content and postconsumer recovered material.

(b) Purchase of Private Attorney Services. Written approval from the Attorney General is not required for private attorney services acquired by the University.

(c) Purchase of Insurance. The University shall have the authority to purchase insurance as deemed necessary and appropriate for the operation and educational mission of the University.

(d) Purchase of Printing. Printing is not subject to Chapter 283, F.S.

(4) **Purchases from Contractors Convicted of Public Entity Crimes.** The University shall not accept a competitive solicitation from or purchase commodities or contractual services from a person or affiliate who has been convicted of a public entity crime and has been placed on the State of Florida's convicted vendor list for a period of 36 months from the date of being added to the convicted vendor list.

(5) **Competitive Solicitation Exceptions.** The following types of purchasing actions, and commodities and contractual services purchases are not subject to the competitive solicitation process:

a) **Emergency Purchases.** When the University President or his/her designee determines, in writing, that the delay due to the competitive solicitation process is an immediate danger to the public health or safety or the welfare of the University, including University tangible and/or intangible assets; or would

otherwise cause significant injury or harm not in the best interest of the University, the University may proceed with the procurement of commodities or contractual services without a competitive solicitation.

b) **Sole Source Purchases.** Commodities or contractual services available from a single source may be exempted from the competitive solicitation process.
