

IMPORTANT

Mandatory Medical Health Insurance

F-1 students must have medical health insurance before attending ELP classes. If you do not have medical insurance, you must buy one on-line for 4 months.

You can visit the following website to buy the medical health insurance:

- <https://www.internationalstudentinsurance.com/student-health-insurance/>
- <https://www.isoa.org/>

If you have a different International medical health insurance purchased in your home country, please have it ready the day of the Placement Test.

Remember, the coverage must be from the Placement Test day to the beginning of the following semester.
