Study Abroad Clery Act & Incident Report Form

Please complete an Incident Report as soon as possible following any difficulty, problem, or other incident involving a member of your Study Abroad group. Note that accuracy, completeness, and timeliness are very important for two reasons. First, UNF is required to submit Clery Act statistics for overseas incidents as well as for domestic. Second, the information collected in the Incident Report is used to better prepare students and faculty on upcoming trips. Therefore, completed Incident Reports should be returned to the UNF International Center immediately upon your return to Jacksonville.
