

GENERAL INFORMATION

The International Student Admissions (ISA) Scholarship serves to offer qualified students tuition assistance towards out-of-state tuition costs. International students (F-1 and J-1 visa students) are typically assessed out-of-state tuition and fees, and this scholarship aims to provide financial assistance towards covering the out-of-state portion of tuition. This scholarship is a restricted scholarship and thus cannot be used for in-state tuition, insurance, housing, etc. You can see the rates per credit hour for out-of-state tuition at UNF (Non-FL Resident) here <https://www.unf.edu/tuition/>. Please contact the International Center at intlctrscholarships@unf.edu with any questions concerning eligibility. The ISA Scholarship functions as a waiver, not a cash award, and serves to alleviate a portion of out-of-state tuition fees.

1. In order to qualify, students must be admissible to UNF under existing criteria for degree programs and meet other standards detailed below.
2. The International Center commits to the scholarship for the number of hours required for a given student's degree program (i.e., NOT simply for the duration of studies or until graduation).
3. The ISA scholarship can offer up to \$12,000 worth of out-of-state tuition waivers per academic year. The ISA scholarship cannot be used for any other purposes. ISA Scholarships may be granted for the fall and spring semesters, and, on a limited basis, for the summer terms. Your ISA Scholarship will be renewed automatically for the fall and spring semesters, and, on a limited basis, for the summer terms, contingent upon enrollment and academic standing.
